To Whom It May Concern;

I am writing this letter regarding the work and installation of Fox Cities Signs & Lighting, LLC. We worked with Kristina Coppo, Sales & Service Specialist. She was very respectful and receptive to our ideas and needs. We had (6) items that Fox Cities Signs provided us at fair cost and production times were faster than what we were anticipating. We had (2) brushed metal indoor signage created and installed within two weeks. We also had (2) vinyl directional signs that were in compliance with our building regulations, as well as our favorite pieces, (2) 45 sq. ft. back lit, channel letters and logo. These are an eye magnet as you approach the Houdini Plaza in downtown Appleton, from the north or south. We are very proud and happy the way they turned out.

We would recommend Fox Cities Signs to anyone looking for small vinyl sign project to the large outdoor channel letter type signage. Product quality and customer care from the Fox Cities Signs team was outstanding and deserve an A+. Thank you for your time.

Sincerely,

Eric D. Hall

Executive Vice President
